

Luke 10:17-24

Salvation – Our Greatest Joy!

1. The victory of Christ's people, v17-19

Jesus affirms the authority that His people have under Him

to be able to withstand the forces of the devil and to overcome the enemy of our souls.

Satan has never yet won, and never will win, a battle against Christ.

There's no situation that can stop us from being a witness and

there's no situation that cannot be used to further the gospel.

2. The joy of Christ's people, v20

“Nevertheless...”

The true basis of Christian joy, says Jesus, is what is factually true about you... that your name is written in heaven.

There's no experience that is better than this knowledge.

Do you have the joy of knowing that this is true of you?

3. The privilege of Christ's people, v21-24

In these things Jesus Himself rejoices!

Every believer is a sovereign work of grace.

We see what the world cannot see because God has revealed
Himself to us.
